NUMBER 88.

## MATERIAL ON GROUND FOR WORK

HUTCHINSON COMPANY IS READY TO BEGIN DEVELOPMENT OF OWENS' ADDITION TO RICHMOND—WILL BE BEST TRACT OF LAND IN CITY OF RICHMOND

STREETS AND SEWERS WILL BE BEST THAT MONEY CAN BUY—WILL BE IDEAL SPOT FOR INVESTORS—ONLY 200 LOTS LEFT OUT OF 800

The Hutchinson Contracting company are hauling material out to the J. C. Owens tract and will begin the work of grading the streets in this section immediately. Sewers will be laid along the most approved sanitary lines and the cement sidewalks and gutters will be constructed on the most approved plans.

Senator J. C. Owens is the sole owner of the subdivision and has disposed of approximately 600 lots out of the 800 in the tract.

The work is being done in accordance with the agreement made to the buyers by Senator Owens. He promised them good streets, sewers and many other improvements. They are going to get them in short order—and they will get more than what was bargained for.

The work is going to be of a high-class order so that there will not be a dissatisfied buyer on the subdivision.

This addition to the city of Richmond is one of the finest on the east bay shore and property values are bound to go up as soon as the work of improvement has been completed. The work will not lag behind for Senator Owens is going to see to it that the contracting firm prosecutes the work to completion without any delay.

Senator Owens is to be congratulated on the splendid way in which he has planned the improvements on the tract, for when they are completed the J. C. Owens tract will be a model for other subdivisions of property in and about Richmond to go by.

Ex-City Engineer Farley was a visitor in Richmond today. He has just returned from an extended visit to the northland.

## FIREMAN AND FRIENDS ENJOY WHIST PARTY

The members of Richmond Volunteer Fire Company No. 1, at their headquarters on Park Place, last evening enjoyed a delightful social. The occasion was the monthly whist party of the firemen and their wives and families helped the fire fighters have a good time.

Elegant and useful presents were given the lucky winners at cards, after which refreshments were served.

The prize winners were announced as follows: Ladies' first prize, Mrs. J. C. Feudner; ladies' second prize, Mrs. R. F. Paasch; ladies' third prize, Mrs. A. Mason; gentlemen's first prize, Edward McDuff; gentlemen's second prize, Louis Asher, and gentlemen's third prize, Andy Trautvetter.

The next affair to be given by the fire company will be a public whist party during the early part of December.

## KNOWLES IS BUSY DECORATING AUTOS

Commissioner D. A. Knowles is wearing a pair of overalls and a slouch hat these days. He has got down to hard work and from now until the opening of the Portola festival in San Francisco will be one of the busiest men in Richmond.

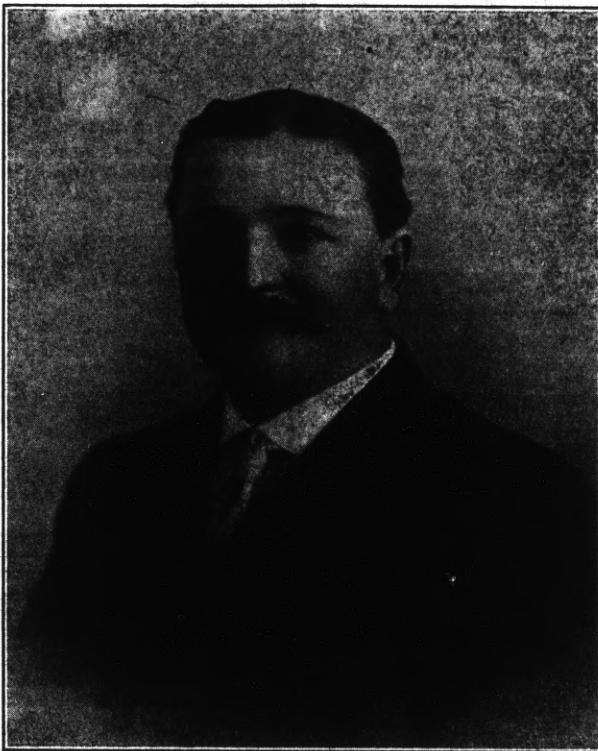

He is supervising the making of the decorations for the automobiles scheduled to take part in the Portola celebration parade and will have to do some hard work in order to have all in readiness for the date of the big event.

He is being assisted in the preparation of decorations by Mr. Bowen, the well known painter and decorator. The cars after they go through the hands of Messrs. Knowles and Bowen will be something worth looking at. No expense is being spared in the work so that Richmond can feel proud of her part in the great festival.

The cars will be covered with artificial flowers and bright colored bunting. Of course Mr. Knowles will not give out his decoration plans, for he wants the people of this city to be agreeably surprised when they go over to San Francisco on the night of the "big doings."

Sheriff Veale and District Attorney McKenzie came down from the county seat today with Said Ali, the accused murderer of Rosa Domingo. They went over to Stege to go over the scene of the recent tragedy.

MAYOR OTTO R. LUDEWIG

The subject of this sketch was born in Dresden, Germany, in 1867. He came to America in 1891. He followed the butcher business in different parts of the United States and came to Richmond in 1901. He opened a small butcher store on Cottage avenue in early days. At that time it required considerable nerve for a man to invest his all in a town made up principally of shacks and tents. The population of Richmond was then not over 600 souls. Mayor Ludewig was elected a member of the city council in 1909. He served with distinction and soon demonstrated to the people of Richmond that he was an ideal official. Through his acute business acumen he proved to be a very valuable adjunct to the board. In July, 1913, Mr. Ludewig was elected mayor. He has made an ideal mayor and today is one of the most popular officials of the city.

## OAKLAND JOY RIDERS HAVE SERIOUS ACCIDENT NEAR RUST THIS MORNING

A party of joy riders consisting of four men and two women, driving a Mitchell car, collided with a telephone pole this morning at 12:30, a little ways this side of Rust. The car was badly damaged. The force of the impact of the auto with the big telephone pole snapped the latter right off as if it had been cut with an ax.

Parties living in the vicinity of the accident were awakened from their slumbers this morning by the noise of the collision of the auto with the pole.

One party states that she looked out of a window and saw the occupants of the car picking themselves up from the ground and afterwards they were observed boarding a street car to Oakland. The car at the time it struck the pole was going in the direction of Oakland.

The wrecked car was this morning still where it stopped at the time of the accident and up to the hour of 10 o'clock no one had arrived on the scene to claim the automobile.

Inquiry at all the Oakland and Berkeley hospitals failed to elicit any information as to who the occupants of the car were. No one had been taken to any of the institutions since midnight suffering from the results of an automobile accident in that vicinity.

A card found in the auto threw some light on the matter of the ownership of the wrecked auto. The card bore the name of the Ransome-Crummey company, contractors, Oakland. Inquiry at the company's office in the Syndicate building revealed the fact that the car belonged to the corporation, but had been taken out last night by parties unknown and used for joy riding purposes.

The car bore the register number 51180. The number usual displayed on the rear of all cars was wrenched off. Evidently the parties to the accident did not wish to have their identities traced up.

That no one was killed in the accident is a miracle. The pole, cut in two, this morning was standing on the fore part of the wrecked car, and it is not conceivable that every occupant of the car, six in all, escaped with their lives. If any one was seriously hurt they may have been taken to San Francisco for treatment in order to avoid notoriety.

**MAYOR LUDEWIG TO TOSS FIRST BALL INTO ARNOLDS MIT**

The mid-winter baseball season will open at the First street grounds tomorrow afternoon, when the Standard Oil team will clash with the Richmond team. The first ball to cross the plate will be delivered by Mayor Ludewig and Chief of Police James P. Arnold will don a mask and glove and receive the pellet.

The throwing the first ball across the plate by Mayor Ludewig will start the season off in full blast. Mayor Ludewig and Chief of Police

**LEASE ON CITY HALL TO BE RENEWED**

It is expected that the lease on the city hall will be renewed by the city council with the John Nicholl company at the next meeting of the board, Wednesday evening.

The city council is not contemplating the building of a city hall for some time to come and as the old lease has expired the board has considered that to accept the proposition of the John Nicholl company at this time would be advantageous. Arnold have been practicing together so that there will be no hitch in the opening game.

## PROPOSED FERRY IS BACKED BY MARIN

The members of the Oakland Chamber of Commerce, the Richmond Sequoia Commercial club and the Point Richmond Commercial club are invited to attend a barbecue at McNear's Point on Wednesday, October 29th. Senator James C. Owens is the prime mover of a ferry line between the Marin and Contra Costa shores and it was on this account that the barbecue has been arranged so that the prominent citizens from both sides of the bay can meet and discuss the matter. The merchants from Oakland and Richmond are enthusiastic about the matter and are willing to back up the movement with their money.

Senator Owens will deliver an address on the proposed ferry, and other speakers will give their views. The delegation from Oakland and Richmond will be about as strong, and they anticipate that 200 citizens from Marin county will be in attendance.

## RICHMONDITES TO TAKE IN THE LAND SHOW

Tonight Richmond will shine at the California Land show in San Francisco. It is expected that one-third of the population of this city will take advantage of the fact that tomorrow will be Sunday and they can sleep the entire day, if they choose, so that they can take in the big exhibition at the corner of Eighth and Market streets in the metropolis and stay up most of the night.

Mayor O. R. Ludewig will head the party composed of members of the city council and heads of departments of the municipal government. The business men of Richmond generally have signified their intention of taking in the big show.

There will be an unusually interesting program on tonight at the land show. The music for the occasion will be of a special nature.

No resident of this city should miss the opportunity to see the Richmond exhibit, which has been pronounced one of the best in the big pavilion. The Standard Oil company, the Western Pipe and Steel company, and other industrial institutions, have splendid exhibits.

There is considerable sympathy with a loser, but he has difficulty collecting anything on it.

## HINDU MAKES CONFESSION AGAIN

**SAID ALI, AFTER HAVING BEEN TAKEN TO COUNTY JAIL, MAKES SECOND CONFESSION TO MURDER OF ROSA DOMINGO AT STEGE ON OCTOBER 2nd**

**TAKEN BEFORE POLICE MAGISTRATE YESTERDAY AFTERNOON AND WILL HAVE PRELIMINARY TRIAL IN A FEW DAYS—HAS EMPLOYED ATTORNEY O'GRADY**

Said Ali, the Punjabi, accused of the murder of Rosa Domingo at Stege, on the evening of October 2nd, after having been arraigned before Police Judge William Lindsay in the police court yesterday afternoon, was taken by Sheriff Veale, Chief of Police James P. Arnold and District Attorney A. B. McKenzie out to the scene of his crime.

This action was taken by the officials with the hope that the Hindu would break down on viewing the place where he had strangled the Stege girl to death. The Hindu's cabin was visited, but Said Ali persisted in his innocence of the crime charged against him.

It was while the party were in the cabin that Manuel Domingo, father of the dead girl, rushed at Said Ali and endeavored to avenge the murder of his daughter. Chief of Police Arnold led the frenzied father to the outside of the cabin, where he became calmer and was subsequently induced to go home.

After a trip over the ground where the crime had been committed and the girl had been thrown into the bay, Sheriff Veale and District Attorney McKenzie, with the prisoner, boarded a Southern Pacific train and went to Martinez.

Last evening, after arriving at the county jail, Said Ali gave up and made a second confession to Sheriff Veale and District Attorney McKenzie. Two hours were occupied in taking down the story of the crime as it came from the lips of the Hindu.

The East Indian admitted it all and told his reasons and every detail surrounding the crime. It required

## THE "POINT'S" BIG LIVE WIRE

STIEFVATER  
JULIUS STIEFVATER

Anybody who knows anything about Richmond, the old side of the city, knows Julius Stiefvater. Not so knew Julius Stiefvater is to have missed a good thing and can be reckoned as a misfortune, for J. Stiefvater is the liveliest wire in all Point Richmond. He does just two things—sells groceries and boosts for Richmond. When he isn't selling groceries he is boosting for Richmond, and when he isn't boosting for Richmond he is selling groceries. He sleeps a little in between times, but not much—he's generally on the job from a. m. to p. m. and back again.

Mr. Stiefvater is the proprietor of what is known for many miles in all directions as "The Big Store," and he has been building up the Big Store for just a dozen years now, and if he builds it any bigger he will have to move outdoors, as he has been spreading out in every direction and every department this year until he can't spread much more unless he digs a subway or something like that, and even that would not surprise anybody, for nobody can tell what that man Stiefvater will do next.

The Big Store is so called because that is just what it is, a big store, and it does a big business. And, as a matter of course, while the city was spreading out and building up all this year the Big Store had to get in line and spread out and build up some more, for spreading out and

building up is Stiefvater's long suit, so they throw away all the old counters and fixtures and put in new and modern equipment throughout, and it is certainly some fine-looking store now. And while groceries is their great specialty, the Big Store handles almost everything else in the way of general merchandise that can be thought of. As their advertisement in this issue says, "If it ain't at the Big Store it ain't in the market," and, "If it is obtainable at all it is at the Big Store." They have dry goods, crockery, glass and tin ware and most anything anybody could want, from a darning needle to a threshing machine.

Mr. Stiefvater is one of the old timers, into everything, and a booster all the time on everything that needs boosting. He devotes time and money to any laudible or worthy cause for the city's welfare and is always counted as one of the leading men of Richmond on everything that comes up.

### MANY IMPROVEMENTS THIS YEAR

There have been so many big improvements going on in Richmond since the last annual edition of this paper was published a year ago, so many in fact that it is almost impossible to keep track of them, but in passing it will hardly do to overlook the fine new clothing and gents' furnishing store established by Chas. G. Yonce, right in the heart of the business district, on Macdonald avenue between Sixth and Seventh streets. Mr. Yonce bought out the old firm of Linsell Brothers last year, and this year he enlarged and moved into a big new brick block, adding everything to the stock that an establishment of that kind would be called upon to handle, and his store today is as fine and up-to-date a clothing and furnishing establishment as one could find in any city. An establishment of this kind was needed in Richmond, for the reason that up to a year ago much in this line was being bought in Oakland and San Francisco, but now there is no excuse for anything of this kind, for the clothing and furnishing stores of Richmond today are modern in every respect, and carry very large lines of elegant and stylish goods to select from, and none are better than this fine new establishment of Mr. Yonce. The men of Richmond are as well dressed as they are in New York City or anywhere else, from hat to shoes, and much of the credit for this fact is due to Mr. Yonce, whose ideas along such lines are right up to the minute, he having been connected with some of the biggest concerns in the country before coming to Richmond.

There is really no excuse nowadays for anyone not being dressed well, and especially is this true if he gets the goods at the Yonce emporium, where positively everything in the gents' furnishing line can be found in any style, make and price that anybody could possibly wish

## ONE OF THE SOLID REALTY FIRMS

Richmond has many good realty firms, but none more solid and substantial than that of C. J. Rihn & Co. This firm has been identified with the building of the city for many years and has invested its own money in it to a very large extent. The firm has handled several large tracts of land, such as the Richmond Industrial Center tract, the Richmond Center No. 2, and the Richmond-Pullman Home tract, and the many hundreds of lot buyers and home builders that got their start through C. J. Rihn & Co. are a prosperous and happy lot of Richmond residents today.

Some of the big tracts they placed on the market are but ten minutes' walk from the heart of the business center of the city, or five minutes in a street car or automobile, and are now building up with business houses as well as dwellings. Probably a majority of these lots have been sold, and many of them resold by this firm at a profit to the first owners, but they still retain a large interest in all of the tracts and can supply a purchaser with almost anything he may want in Richmond, either in a home place on easy payments or a fine location for a business. And one thing is as sure as the movements of the sun, moon and stars, and that is if the C. J. Rihn Co. recommend anything in that line it will be more apt to be found over than under their representation, for they are conservative, safe, sane and reliable first, last and all the time. The senior member of the firm, Mr. C. J. Rihn, is now in the Los Angeles country, handling an immense tract of land in the south, and his brother, J. L. Rihn, remains in charge of the Richmond offices, at Sixth street and Macdonald avenue, where he is always glad to welcome anybody interested in Richmond with a smile that, as Bret Harte would say, is "child-like and bland." The have been good men for Richmond, these Rihn brothers, and are yet, and always will be. C. J. Rihn served several years as one of the supervisors of this county, with honor and credit to himself and the county. They are busy, bustling, up-to-date men and this paper takes pleasure in assuring the public in general that any business it may entrust to the C. J. Rihn company will receive prompt, courteous and the right kind of attention and be attended to right.

for Mr. Yonce is a progressive merchant and a reliable, dependable citizen, and when he determined to give Richmond a thoroughly up-to-date and modern clothing place he made no mistake.

## OLD AND YET NEW

It is said that the old, old story of love is ever new, and that is also applicable this year to the mercantile establishment of Mr. B. McWhorter, who has conducted a grocery establishment on the west side of the city for many, many years, but who, imbued with the boost and boom and go-ahead spirit of this city, got a big move on him this year and moved into a fine new brick block twice as big as the old store and fitted it up with everything in the way of modern and up-to-date equipment that is usual in the fine stores in the big cities. So the McWhorter store is old and yet new, like the story of love.

mond since the early days some years back it is a great pleasure to go into an establishment like this new old store and just look around it, and compare it with the times that have past. Seems only a very few years ago that we could go in there and sit down on a goods box and whittle it, after swiping a handful of crackers out of a barrel and a hunk of cheese, and swap yarns with McWhorter on the low price of jackrabbits, and yet today when a fellow drops in there he has to keep moving to get out of people's way. They are coming and going, clerks on the jump, throwing and catching packages like ball players in the big league, to load into the delivery wagons that are speeding all over the city to supply the thousands of people who seem to be hungry for something to eat all the

time and to never get over it. The McWhorter grocery is known to everybody that is known to Richmond, and that is saying a whole lot as there have been about ten or fifteen thousand people come in here lately. It is an elegant grocery store, right up to date, and supplied with everything that the markets of the world afford. Mr. McWhorter is one of the solid men of the town; his word is as good as a gold bond, and his friends are as numerous as the sands of the sea shore, or so far as the population of Richmond can be compared to the sands. He is public-spirited and very much alive, and it is a credit to him and to the town that he has fixed up the old store in such a commendable manner during this year 1913.

## IF BACKACHE OR KIDNEYS BOTHER

Eat less meat and take a glass of  
Salts to flush out kidneys  
—Drink plenty water

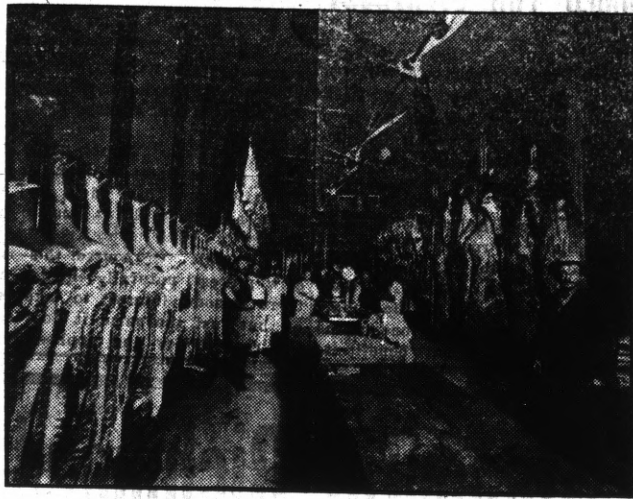

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog, you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

For sale by all druggists.—Adv.

INTERIOR OF ONE OF LUDEWIG'S MARKETS

Elsewhere mention is made of O. R. Ludewig, mayor of Richmond, in his official capacity, and this to call attention to him in his mercantile and business capacity. Mr. Ludewig has three large and up-to-date meat markets in Richmond, and there are none nicer or better in any city around the bay. He erected a fine new brick business block on Macdonald avenue this year, and enjoys an immense business in his line. Mr. Ludewig also established a large and modern creamery this year which is now supplying a long-felt want in Richmond.

## WORK ON TUNNEL TO COMMENCE SOON

It is stated upon good authority that work will commence on the new municipal tunnel, highway and wharf in about thirty days. These improvements mean possibly more to the future of Richmond than any other project, as it will give direct ferry service to San Francisco, both for passengers and vehicles.

The highway, which is a continuation of Ashland avenue, one of the most important streets in Richmond, will run through the tunnel and continue on to the ferry, over which a street car line is to be operated, connecting with all lines to and from Oakland.

This new tunnel and highway opens up some of the grandest scenic property around the San Francisco bay. It is sheltered from the winds, absolutely without fogs,

and commands a view of the San Francisco bay and surrounding cities that is unsurpassed. It is known as Marine View Terrace, and has been aptly termed the "Piedmont of Richmond."

Bonds have been sold and the money is in the hands of the city treasurer of Richmond for the construction of this municipal tunnel, highway and wharf, and the work will be pushed to completion as rapidly as possible, as it is contemplated to run boats direct from the municipal ferries to the exposition grounds in San Francisco during 1915.

It is also asserted that the Santa Fe will commence work on their new depot at a very early date, some time in the early fall. It is to be located at the junction of Ashland avenue and Ohio street. Architecturally it will be along the lines of all their principal depots, which are on the mission style.

## BARBER ASPHALT PAVING COMPANY

Richmond is known far and wide over the state for its splendid streets and among the contracting concerns which have contributed to this well-earned reputation is the Barber Asphalt Paving Company, of San Francisco. The Barber Asphalt Paving Company has constructed miles upon miles of bituminized streets in this city and to its credit be it said they are by far the best thoroughfares in the city.

During the past five years this well-known concern has been doing business with the city council and the people of Richmond and in every instance with the utmost satisfaction to all parties concerned. The officers of the company, from the highest to the lowest, are affable and kindly gentlemen and take a personal interest in their work, insures quality and a degree of satisfaction with every contract undertaken. This is why the company meets with success and gives the public full return for the money expended for street improvements.

Of course, in the immensity of such an undertaking as the paving of the almost countless of the streets of this city, there would be a few to howl, as is to be expected in every big undertaking, but this has been because of the cost, which is naturally a very large sum in the aggregate, but it has been something which had to be done in order to put Richmond up to the high plane which it has reached in the way of municipal improvements, and while paving many miles of streets and building many miles of cement sidewalks has cost the property owners and the city many thousands of dollars, it has been money well spent, and the cost has been so distributed in the way of bonds for street districts that the small payments falling due from time to time during a long period of years are not as a rule hard to meet. The work of this big company is of the very best, and it speaks for itself. It costs, of course, like the best of anything costs, but that they do the best paving in the world is conceded by everybody, and its lasting qualities is also something that is in the long run a saving. It generally pays to get the best of anything one is going to buy, and this applies to street paving as well as to anything else, for the best is the cheapest in the long run, and the Barber Asphalt Paving Company furnishes nothing but the best.

Now that these streets have been in the main completed the city and the people take great pride in them, and they are among the very best advertisements the city has. The paved streets of Richmond, as noted in other places in this paper, will stand as a monument not only of the people's thrift and energy in the years to come but also to the expert work in that line which is the pride and slogan of the Barber Asphalt company.

## STORY No. 35

I have now reached my 35th story. Thousands of people have read what I have had to say, and know fairly well who I am and what I have to sell. Hundreds of those who have read what I have written, or who have heard of me have come to me as patients. They are my friends. I am treating all sorts of cases. I do a general and special office and visiting practice. The special eye, ear, nose and throat cases have been numerous. I am fitting glasses to a good many eyes. Dozens of people have come to me for headaches, and other troubles which arise from bad digestion and faulty elimination. These people have come from all over the city, and from neighboring towns. My circle is widening! Henceforth these stories will be published once a week. You will find them in the Record-Herald each Saturday afternoon, and in The Daily Independent each Sunday morning. I want to tell you how I am criticized by some of my Guild. They say that I work too cheaply—I am a "rate cutter," etc. Now, there are many Doctors who often charge the same fee that I do; among these are some of the leading physicians. You see, the trouble is that I publish my price and make everybody pay. I suppose that I would be all right if I said nothing about my fee and "worked" each case for all that I could get out of it. If I charged on my books many accounts that I never expected to collect, and made my good paying people make it up, that would be all right. What would you think of a merchant who never put a price on his goods and left it to his clerks to get all they could out of a customer? They may reply that Medicine is not business. I claim that all transactions should be on a sound business basis, and the sooner the paying public comes to realize this, and to enforce that rule, there will be less grafting in medicine as well as all other kinds of business.

If you have any sort of ailment, I shall be happy to see you. The fee for office work is \$1.00 to \$1.50, medicines included in all cases. Special terms which are reasonable for X-ray work and surgery.

Hours: 9 A. M. to 6 P. M., and evening, 7 to 9 P. M.

## STREETS INSPECTED BY OFFICIALS YESTERDAY

The members of the street committee of the city council, Superintendent of Streets Welch and City Engineer H. D. Chapman yesterday inspected the newly finished street work on Chanslor and Espee avenues, Eleventh, Eighteenth and Nineteenth streets. The work has been completed by the Municipal Improvement company and is a bitulithic pavement job.

The streets were found to be up to the specifications and really better than what the contract calls for. No better streets can be found in any city or hamlet in the state and the property owners along these thoroughfares can well feel satisfied that they have received their money's worth.

The board of Supervisors of the city and county of San Francisco are contemplating tearing up the old basalt pavement and adopting bitulithic pavements, under the same specifications as are in vogue in Richmond.

## LAND REALTY BARGAINS

Notwithstanding that Richmond lots are now selling in every tract in the city and far out into the suburbs at from \$350 to \$1000 each, Wenham & Paul, the well known realty dealers here for many years past, keep right on selling their Marine View Terrace lots at from \$150 up, and on easy payments. There is no apparent reason for this, other than that they want to close the tract out and get busy with their many other realty matters, but be that as it may, Marine View Terrace lots anywhere near \$150 each are downright snaps, and money-makers just to buy and hold onto for a short period.

This terrace lies adjacent to the big municipal highway and tunnel now being built by the city, with wharfs and ferry to San Francisco at the outer portal of the tunnel, and all the future travel between Richmond and San Francisco will go through that tunnel, over that highway and right past this Marine View Terrace tract. And that means something wonderful for the future years, when one stops to think about it. Also adjacent to this tract Cutting Boulevard is now being graded 110 feet wide and will be paved for two miles as soon as graded, and immediately after that the Southern Pacific fast electric trains will run over that boulevard, the iron and ties for which are now on the ground. This terrace is to become in the near future a very swell residence section, for in addition to lots immediate proximity to these great business projects it has, as the name indicates, a marine view of San Francisco bay unexcelled anywhere and beautiful beyond description.

This firm were pioneers in the Richmond field, and sold out the old Meeker tract and what is today the inner harbor section, one of the greatest business sections of the future Richmond, but what was known in those days as "Old Clam Flats." They proved their sagacity and business acumen on these big realty deals. The Meeker tract and "Old Clam Flats" are now among Richmond's most valuable realty holdings and worth a mint of money. Mr. William Wenham was the first man to start the plan of selling lots on the plan of paying \$1 down and \$1 a week thereafter, and made a fortune at it.

They have elegant offices in Oakland, at 1444 San Pablo avenue, opposite the new city hall, and do an immense realty business. Hunt up the advertisement in this issue of Marine View Terrace and read it. It offers the biggest bargains in Richmond today.

Bill Bowen: "Explanations by the average married man are defenses."

Every man thinks he's clever, as every woman thinks she has winning ways.

Why do dogs occasionally hurry? That is as much of a mystery as electricity.

A man never confesses to his wife until he is pretty sure she has found out about it.

## HOMES FOR EVERYBODY

One of the biggest portraits shown in this paper is that of T. Park Jacobs. That is because he is a big real estate man and if the picture had been made as big as some of the realty deals that T. Park Jacobs has put through here it wouldn't have gone in the paper at all, for lack of room. Mr. Jacobs is president of the T. Park Jacobs company, having offices in their fine building at 1112 Macdonald avenue, and this firm is one of the kind that is of great benefit to

Richmond, in that they not only handle real estate but build homes for people who need and want them, and make it possible for lots of people to get homes who would otherwise be paying out thousands of dollars in rent money that never comes back.

The T. Park Jacobs company builds you a home on your lot or lots after your own ideas and designs, and then allows you to pay for it in installments about like paying rent. Of course this is a slow process, naturally enough, and there is some interest to take care of, but just the same it does save the rent money and applies it on

the payment of a home place, and in course of time a fellow wakes up some bright California morning and finds that he owns his own home, and that is a great thing to do. To own a home of your own is one of the best things in this world, for it puts the little wife and family in a position to be much more independent in case anything happens to the husband and father. And besides, rent money never comes back. A deed to a home place beats a lot of rent receipts a mile, and this company helps you to get deeds instead of rent receipts, and is therefore a good thing for the town and the people.

## SHERIFF LOOKING FOR SAN PABLO YOUTH

Circulars are being sent to officials throughout the state by Sheriff R. R. Veale asking that they be on the lookout for Manuel Perra, a Portuguese youth of 17 years, who is missing from his home at San Pablo and for George Rhode, alias Watson, wanted for obtaining money under false pretenses. Rhode, claiming to belong to Fresno parlor, N. S. G. W., fledged members of the order.

The missing youth is described as having the appearance of a Swede, although he is Portuguese; 17 years old; 6 feet tall, and light complexioned. Rhode is aged between 19 and 22 years, about 5 feet, 9 inches in height and weighs about 180 pounds. He wears a blue serge suit, a soft black hat and an old bear flag suit.

## MAN THROWS FIT AND STARTLES PEDESTRIANS

Harry Austin, while standing on the corner of Twenty-third street and Macdonald avenue this morning had an epileptic attack and startled a number of pedestrians who happened to be passing at time.

Austin, during his spasms, fell head foremost onto the curb and sustained a severe gash on the right side of his head. Officer Barry was notified of the incident, and rushing to the spot found the man in a dazed condition and bleeding profusely from his wound. He was removed to the police station, where he recovered a few hours later.

## THELTON OSBORN IS HOST AT PARTY

Mrs. J. D. Osborn entertained a number of the friends of her son, Theldon Osborn, at a birthday party held at the Osborn home last evening. The young folks spent the evening in games of various kinds, following which refreshments were served by Mrs. Osborn, who was assisted in the serving by Mrs. Stoddard.

Those who attended the affair were Mildred Best, Gladys Roberts, Myrtle Best, Raymond Osborn, Geo. Kite, Walter Glover, Ross McAllister, Frank Radcliffe and Lloyd Marshall.

## DR. FRASER WRITES ANOTHER STORY

Dr. Fraser, the well known Richmond physician, publishes his thirty-fifth story in the Record-Herald today. It is as interesting as the previous stories written by the doctor. He says many of his brothers of the pill do not like his methods. Because of the fact that he sees fit to advertise to the public what he can do he is called a "quack" by his brethren. Nevertheless, Dr. Fraser is treating hundreds of Richmond people every day. The public is quick to realize that doctors' fees, in many cases, are entirely out of reason. Read the story in another column. It's a good one.

It takes about a day to do a day's work; sometimes longer.

Of course, it's the town's fault if you happen to be a failure.

People who act like they own the earth usually have the least.

The liniment gets a good deal of credit that belongs to the rubbing it on.

## ANNOUNCEMENT

You are cordially invited to inspect our stock of Ladies', Children's and Infants' Wear

**A. G. WEEKS & CO.**

### PYTHIAN CASTLE

Located near the corner of Fourth Street and Macdonald avenue. Erected in 1913 by the members of Richmond Lodge, No. 13, Knights of Pythias. This building is one of the most imposing structures in the city and is the home of the local lodge of the Knights of Pythias.

### Local Mention

Pertinent remarks about well-known people in Richmond and happenings about town.

Mrs. J. E. Cryan is entertaining her sister, Mrs. B. B. Smith, of Fresno.

Mr. and Mrs. Isaac Lester are enjoying an auto trip to Tuolumne county.

Mrs. Robert Burns, wife of the well known lawyer of this city, is confined to her home in Berkeley with a severe illness.

J. T. Turner and family left yesterday afternoon for an auto trip to Mexico. Mr. Turner and his family expect to be gone for several weeks.

The ladies of the First Methodist church held their food sale on the west side of town today and from the large number who patronized the sale of eatables it is claimed that it was a big success. The food sales in the past by the members of the First Methodist church have proved to be quite popular and the ladies are planning to hold another one in a short time.

State Senator J. C. Owens has just let a contract for \$100,000 for sewers, macadamized streets and sidewalks in the J. C. Owens addition to Richmond. This magnificent sixty-acre tract, the exclusive property of the senator, overlooks the inner harbor and runs down to the bay shore. It is one of the most valuable pieces of land in the city of Richmond.—Byron Times.

Every woman occasionally says to her husband: "Why don't you do more work around home? Other men have to."

There are not enough step ladders. Seems like half the people spend half their time trying to borrow step ladders.

## SHOES—SHOES

**FROBERG TO MAKE TRIAL FLIGHT NEXT WEEK**

That the Froberg aeroplane will make its trial trip some time next week was given out this morning by J. R. Froberg, inventor of the aerial craft.

Froberg will move the aeroplane to its new hangar near the deserted Shrimp Camp on the road to Point Orient today and intends to have the machine reassembled about the fore part of next week. The trial trip will perhaps be made on Thursday afternoon, considering that day afternoon, providing that weather conditions are favorable.

The air craft of which Froberg is the inventor is so constructed that it can alight on the water and drift about like a boat. One of the new features of Froberg's craft is that it is equipped with a stabilizing device which will keep the aeroplane on level keel under all conditions.

**LANE REPORTS BIG DOINGS AT HOTEL DEL MONTE**

This paper is in receipt of a letter from W. J. Lane, who is attending the ninth annual convention of the California Realty Federation in session at Hotel Del Monte, stating that over five hundred delegates are in attendance at the convention this year, which makes it one of the largest conventions that has been held by the realty federation in many years.

Secretary Lane reports to be having a fine time, enjoying everything, and states that he will be rather sorry when it comes time for the convention to close. "Jim" states that one of the features of the convention was a banquet, which was tendered the members of the Realty Federation by Mayor Johnston of Monterey and Mayor Pryor of Pacific Grove at Hotel Del Monte.

**RICHMOND CONVICT HAS BECOME INSANE**

Word was received in Richmond last evening from San Quentin prison that Charles Erickson, who was sent to prison from Richmond for beating his wife to death while the latter was drunk, had lost his mind and was a raving maniac. The report further states that the insane convict was sent to the Napa asylum yesterday, where he will be cared for.

Erickson's crime was one of the most cruel in the annals of criminal jurisprudence. The fact that he did not hang was due to some of the jurymen being in doubt as to the intent of the husband to slay his wife. Erickson claimed he wanted to give his wife a beating because he came home and found her in a drunken stupor.

## CHIEF OF POLICE GOING TO THE FESTIVAL

(Special Dispatch to Record-Herald)  
SAN FRANCISCO, Oct. 17.—Chiefs of police from many sections of California are coming to San Francisco to attend the great review of the San Francisco department, to be held the second day of the Portola festival, October 23rd. The declaration was made today, following announcement of completed plans for the review, that this will be the most widely attended police review ever held in California.

It will be the biggest on record in San Francisco.

Governor Johnson, it is announced will attend.

The latest automobile police apparatus will maneuver. The motorcycle squad, of fifty men, will do daring stunts showing how the gasoline burners of a big city work alone and in company formation. There will be the cavalry, too, and the traffic squad will turn out in force in the new olive drab uniforms.

There will be ten companies—one thousand men—in line afoot, and they will be drilled to the minute. Rehearsals are being held daily.

The maneuvers will be held in the vicinity of the civic center.

## HOTEL MEN ARE NOT TO BE EXCLUDED

SAN FRANCISCO, Oct. 17.—The proposed amendment to exclude hotel and restaurant men from membership in the Masonic order was defeated yesterday by the grand lodge of Masons. The law passed last year barring saloonkeepers and bartenders from joining will maintain. The vote against further amendment was overwhelming.

Charters were granted seven new lodges, as follows: Hammon, No. 423, in Butte county; Maricopa, No. 424, Maricopa, Kern county; Fairmont, No. 435, San Francisco; Claremont, No. 436, Los Angeles; Lancaster, No. 437, Lancaster, Placer county; Germania, No. 438 (to work in the German language), Los Angeles county; Tyrian, No. 439, Manteca, San Joaquin county.

The feature of the morning session was the singing of a solo by Past Grand Master James A. Foshay of Los Angeles, entitled "Opening the Gates of the Temple." The oration of William R. Hervey, grand orator, was ordered printed in pamphlet form for distribution.

An appropriation of \$10,000 was made to purchase additional stock to help pay a deficit of \$17,000 in the furnishing fund.

Last evening Doric lodge, No. 216, exemplified the third degree, the ceremony being held in the new temple. All the stations were occupied by members of the grand lodge.

Today election for grand officers will be held. Deputy Grand Master John D. Murphy of Bridgeport, Mono county, will be elevated as grand master. Senior Warden Benjamin F. Bledsoe of San Bernardino will be elected deputy grand master, and Junior Grand Warden Albert G. Burnett of Santa Rosa will be made senior grand warden. For junior grand warden there are a number of aspirants. For grand secretary John Whicher has no opposition, and Grand Lecturer Thomas J. Baker is sure of re-election. William P. Filmer, present grand master, is mentioned for grand treasurer.

## HINDU AGAIN MAKES CONFESSION

(Continued from page one.)

two hours for the clever Hindu to tell the whole story and it is a narrative that told of the philosophy of the East and of his unholiness and his thirst for revenge when he found that he was but a plaything in the hands of the young factory girl.

### Planned Brutal Crime

That the girl had taken his money under the guise of loving him and then when he refused to give more had flaunted him was the motive for the crime. He said that he had deliberately planned to murder her and that the letter found by the police in Rosa's effects at her lodging house in San Francisco had been written by him to decoy her to his cabin at Stege. He said that he strangled her with a necktie on Thursday morning, October 2nd, about 3:30 o'clock, and that her body wrapped in a blanket lay on his bed until 11 o'clock on the morning following. Said Ali exonerated Thomas Riley, Musa Khan and the other Hindus now under arrest of all complicity in the crime.

At 11 o'clock on Thursday evening, the 2nd instant, said Ali, after burning the girl's clothing and her suit case in the stove in his kitchen carried the body half a mile to the end of the wharf, where he weighted it down with railway iron and lead and threw it overboard. It required three hours of hard labor to carry the body to its last resting place and to prepare it for the burial in the bay.

### Came Here For Train

On the next morning, Friday, Postmaster Johnston, of Stege, said Ali came to Richmond and was a visitor to Richmond today.

boarded a Santa Fe train, which carried him to Fresno. From Fresno he went to Oxnard, as previously learned by the authorities, and then to Yuma, Arizona, and later to California. And then on to the Lower California country.

Said Ali stated that he had a wife and aged mother alive in India. He also told of his life and of his wandering and said that he had served for more than two years on the police force of Hong Kong, China.

Said Ali-Kahn was brought to this city this afternoon in custody of Sheriff Veale, District Attorney McKenzie and Chief of Police Arnold for the purpose of showing the officers of the law just what route he traveled in going from his cabin, near the Cap works at Stege, to the wharf, which is some distance away, to cast the body of Rosa Domingo into the bay.

Said Ali has up to the present time made no deviations in his confession which he made to District Attorney McKenzie last evening at Martinez.

The officers had different opinions as to how he carried the girl from his cabin to the Cap works wharf, and it was for this reason that he was made to go through the whole of his actions that transpired on the fateful night of October 2nd.

Musa Khan, who has been held as a suspect and then as a witness in the Domingo murder case, will be brought to this city from Martinez about Thursday of next week for his hearing, which is to take place in Police Judge Lindsey's court.

It is said that several new industries are contemplating locating in Richmond in the near future. One is an automobile factory.

Today was a warm one, just the right kind of weather to go over to the land show at San Francisco.

## HOORAH! MID-WINTER BALL AT LAST

### DIRECTORS COMPLETE GAME SCHEDULE

The directors of the Mid-Winter Baseball league met last evening for the purpose of perfecting their final arrangements as to the schedule of games for the coming season.

President Howard French presided at the meeting and held down the dictating chair in fine style. The managers of each of the five teams already enrolled in the league were present at the meeting to see that no conflict arose in arranging the games. The following schedule was finally completed:

Sunday, October 19th—Standard Oil vs. Richmond, 1 p. m.; Wine-

haven vs. Santa Fe, 3:15 p. m.

Sunday, October 26th—Standard Oil vs. Winehaven, 1 p. m.; Santa Fe vs. Richmond, 3:15 p. m.

Sunday, November 2nd—Winehaven vs. Richmond, 1 p. m.; Standard Oil vs. Santa Fe, 3:15 p. m.

Sunday, November 9th—Santa Fe vs. Winehaven, 1 p. m.; Standard Oil vs. Richmond, 3:15 p. m.

Sunday, November 16th—Santa Fe vs. Richmond, 1 p. m.; Standard Oil vs. Winehaven, 3:15 p. m.

Sunday, November 23rd—Santa Fe vs. Standard Oil, 1 p. m.; Winehaven vs. Richmond, 3:15 p. m.

## PYTHIAN SISTERS TO ENTERTAIN THIS EVENING

### AFFAIR TO BE HELD IN THE PYTHIAN CASTLE

The members of Contra Costa Temple, Pythian Sisters, will hold a delightful social evening in Pythian Castle this evening. The early part of the evening will be taken up with a short program, following which refreshments will be served.

The program for the evening is as follows: Reading, Miss Winifred Conwell; vocal solo, Mr. Hatch;

piano solo, Miss Wood; skit, Mr. Gregory and Mrs. Mann; Reading, Helen Smith; violin solo, Irene Lucas; vocal solo, Rose Little; reading, Mrs. Gregory; duet, Miss Conwell and Miss Welsh; violin solo, Richard Heinrich, accompanied by Vera Wyatt; reading, Mrs. Landridge; selection by orchestra.

Refreshments and dancing will conclude the evening's enjoyment. The admission will be 25 cents.

## EUKALALA CLUB TO HOLD SWAY THIS EVENING

### ALL IS IN READINESS FOR SECOND ANNUAL BALL

The decorating of the large pavilion at East Shore park was finished yesterday afternoon by the committee, in preparation for the second annual ball of the Eukalala club, which takes place this evening.

The invitations for the swell affair have all been sent out, and it is estimated that close to three hundred people will be at the ball to take part in the grand march, which will start about 9 o'clock. Numerous bids to the dance have been extended to various members of the smart set about the bay district, so as to make the dance once of the swellest given at the park this year. The decorations for this evening's affair are

some of the most gorgeous that have graced the interior of the pavilion for some time, being a profusion of black and gold streamers, colored lights and numerous "Hallow'en" fancies, such as jack-o'-lanterns and paper images of witches on brooms and gruesome skeletons.

The music for the dance will be furnished by the Park orchestra, which has been enlarged to six pieces for the occasion. The floor committee will consist of the following members of the club: Floor manager, Walter Hughes; assistants, Percy Jones, Walter Imbach and Duke Cummings, while H. Stetson will dispense the tickets at the box office.

## MISS NAVELLER GETS POSTOFFICE

The new postmaster at Stege will be Miss Lucy Naveller, bookkeeper for the Stege Hardware and Lumber company. A competitive examination was held in Stege recently in which five contestants took part. Miss Naveller received 85 1/2 per cent and was the highest in the ranks of those who strived for the office. Miss Naveller's appointment has not as yet been received, but it is expected that it will be along shortly.

Postmaster Johnston sent in his resignation to the department three months ago. He stated to a Record-Herald reporter that his business prevented him from looking after the office and that he has been after the department to relieve him for some time.

When Miss Naveller's commission arrives the postoffice will be moved from its present location in the rear of the Stege Hardware and Lumber company's store and will be located next door in the room formerly occupied by the Stege Mail, now defunct.

The Stege Hardware and Lumber company's business has been growing to such an extent of late that extensive improvements are contemplated in order that the large volume of trade that concerns is now enjoying may be taken care of.
